

ADDITIONAL INFORMATION

We are striving to make this ministry as exciting an experience for your youth as possible. Fulfilling that requires finances. As all of you know, any ministry needs resources and finances in order to be successful. We are resolved to keep this ministry as free as possible including uniforms and some equipment. However, there are other needs involved that we would only ask everyone to consider.

Finances to cover:

- T-Shirts each child will be issued
- Dog Tags (later)
- Bottled Water for each time we gather
- Small foods/snacks/refreshments
- Paper/Ink for printing activities and forms
- Bibles for those who don't have one
- Pens/Pencils
- Batteries for equipment
- Military Equipment for activities/teaching: Targets, BB's, Pellets, Ropes, etc.
- Maintenance of Equipment already purchased
- Safety Equipment: Safety glasses, Helmets, gloves, knee pads, elbow pads, etc.
- Equipment for future planned activities: Ropes, rigging gear, zipline equipment, repelling equipment, tents, ammo boxes, and other obstacle course materials.

If you can donate any of the above items, please consider donating. At this time, we do not have a set place to store any bulk items.

If parents would be interested in supporting the program with the purchase of your own God's Marine Corps T-shirt, they will be available as well.

FINAL THOUGHTS

If you know of any businesses or other ways this ministry could receive sponsorships, please provide that information to us. This is not a business and we have no intentions of making money, we simply want to provide a positive experience for your child and teach them truths in the Word of God to develop their relationship with God while at the same time having fun while developing lasting relationships with other children. In order to be completely transparent, we are considering developing a board to ensure decisions are made in how money is spent so that accountability for finances is maintained.

We are looking for a permanent place to hold our activities. We would prefer a place with classroom equipment and acreage outside to have outdoor activities. If you have a particular place like this or know of a place that would host these Christian events, please contact me.

God Bless
Bro. Bruce Nunley
